

## EPUAP 2022 DETAILED PROGRAMME

Wednesday   14 September 2022		
08:00 - 09:00	Registration, badge and bag collection, exhibition	Registration area
09:00 - 10:00	<b>Opening Ceremony</b> <ul style="list-style-type: none"> <li>Welcome by the EPUAP President, <i>Jan Kottner</i></li> <li>Welcome by the EPUAP 2022 Chair, <i>Andrea Pokorná</i></li> <li>Representatives of the local institutions</li> </ul>	Plenary hall / Zenit
10:00 - 11:30	<b>Plenary Key Session: Navigating the journey from evidence generation to guideline development</b> <ul style="list-style-type: none"> <li>Guidelines- methodology; <i>Katrin Balzer</i></li> <li>Guidelines for pressure ulcer prevention and treatment: past and present; <i>Jan Kottner</i></li> <li>Credible guidelines need reliable methods: the state of the art; <i>Holger Schunemann</i></li> </ul>	Plenary hall / Zenit
11:30 - 13:00	Lunch break, exhibition 12:00 - 12:45 Poster presentations A	
13:00 - 14:15	<b>Key session 2: Pressure ulcer aetiology and the early detection of skin and subdermal damage</b> <ul style="list-style-type: none"> <li>Our contemporary understanding of the aetiology of pressure ulcers/injuries and how to apply it for effective prophylaxis; <i>Amit Gefen</i></li> <li>Linking pressure ulcer aetiology with early pressure ulcer detection – a key to success?; <i>Zena Moore</i></li> <li>Linking Aetiology with non-invasive measurements to predict skin damage; <i>Peter Worsley</i></li> </ul>	Plenary hall / Zenit
	<b>Award session: Investigator Awards</b> <ul style="list-style-type: none"> <li>A life devoted to children: a novel leadership model in pediatric wound care intensities during changing times; <i>Guido Ciprandi</i></li> <li>Developing algorithm based on activity and mobility for pressure ulcer risk among older adult residents: Implications for evidence-based practice; <i>Pinar Avsar</i></li> <li>Understanding risk factors: research, clinical translation and impact; <i>Jane Nixon</i></li> <li>Post-Pressure Prevention; <i>Lisa Tucker-Kellogg</i></li> </ul>	Breakout room 1 / Nadir
	<b>Free paper session 1: Innovative approaches in clinical research (prevention and treatment)</b> <ul style="list-style-type: none"> <li>Core outcome domains for pressure ulcer/injury prevention trials; <i>Jan Kottner, Germany</i></li> <li>The physiological efficacy of lateral pressure equalisation technology for the prevention of pressure ulcers in seated individuals; <i>Colin Boyle, Ireland</i></li> <li>Paper device for rapid detection of myeloperoxidase in wound fluids; <i>Guillem Ferreres Cabanes, Spain</i></li> <li>The relationship between sub-epidermal moisture measurements and inflammatory markers in the early identification of pressure ulcers; <i>Natalie McEvoy, Ireland</i></li> <li>Comparison of two skin protection regimes for the prevention of incontinence-associated dermatitis in geriatric care: A study protocol for a randomized controlled parallel group exploratory trial; <i>Monira El Genedy-Kalyoncu, Germany</i></li> <li>Immediate effects after shock wave therapy application in pressure ulcers: a preliminary randomised controlled study; <i>Robert Dymarek, Poland</i></li> </ul>	Breakout room 2 / Tycho
	<b>Free paper session 2: Basic science: Biomechanics, mechanobiology and aetiology (13:00 - 14:00)</b> <ul style="list-style-type: none"> <li>Magnetic Resonance Imaging and computational modelling to predict the soft tissue response of the face when interacting with a respirator; <i>Bethany Keenan, United Kingdom</i></li> <li>Cell mechanobiology in the context of wound healing; <i>Daphne Weihs, Israel</i></li> <li>Internal strains reduction in soft tissues surrounding a pressure ulcer using a new bi-layer dressing; <i>Nolwenn Fougeron, France</i></li> <li>Failure of phagocytosis during the Impaired healing of pressure ulcers; <i>Lisa Tucker-Kellogg, United States</i></li> </ul>	Breakout room 3 / Kepler
	<b>Czech symposium (13:15 – 16:05)</b>	Aquarius
14:15 - 14:25	Short break	
14:25 - 15:40	<b>Key session 3: Why are pressure ulcers associated with quality of care and patient safety?</b> <ul style="list-style-type: none"> <li>The cost-effectiveness of using multi-layer foam dressings in the prevention of pressure ulcers; <i>Dimitri Beeckman</i></li> <li>Interacting last generation dermal/epidermal substitutes: in search of engraftment rapidity, tissue elasticity, absence of scars and total biodegradability; <i>Guido Ciprandi</i></li> <li>Implementing new standardized workflow at the hospital, as a result of the improvement and patient safety effort regarding pressure ulcer (PU) prevention in the Pandemic COVID19 Intensive Care Unit (ICU); <i>Camilla Soerensen</i></li> </ul>	Plenary hall / Zenit
	<b>EPUAP - EWMA Joint Session</b>	Breakout room 1 / Nadir
	<b>Free paper session 3:</b> <ul style="list-style-type: none"> <li><b>Impact of pressure ulcers on patients, carers and society</b> <ul style="list-style-type: none"> <li>A rapid response to preventing healthcare staff facial pressure ulcers in COVID-19 care settings; <i>Zena Moore, Ireland</i></li> </ul> </li> <li><b>Interdisciplinary collaboration</b> <ul style="list-style-type: none"> <li>Creation and Evaluation of Face-Specific Measurement Data with Three-Dimensional Imaging Method for Face Masks; <i>Çakar Ayiße Karadağ / Vildan, Turkey</i></li> </ul> </li> <li><b>Other</b> <ul style="list-style-type: none"> <li>Development of the Pressure Ulcer Curriculum for Professionals Responsible for Quality and Improvement; <i>Beata Gress Halasz, Slovakia</i></li> </ul> </li> <li><b>Research, knowledge and clinical experience – what difference are we making to PU incidence/prevalence?</b> <ul style="list-style-type: none"> <li>Change Management in Pressure Ulcer Nursing Practice; <i>Abdulaziz Binkanan, Saudi Arabia</i></li> </ul> </li> </ul>	Breakout room 2 / Tycho
	<b>Industry workshop (14:25 – 15:25)</b>	Breakout room 3 / Kepler

## EPUAP 2022 DETAILED PROGRAMME

15:40 - 16:25	Coffee break	
16:25 - 17:40	<b>Key session 4 : What are recent innovations &amp; advanced interventions in pressure ulcer prevention and treatment?</b> <ul style="list-style-type: none"> <li>■ Skin injuries related with PPE usage among Czech and Slovak health professionals; <i>Natália Antalová</i></li> <li>■ Costing and cost-effectiveness concerns of the prevention and treatment of pressure ulcer in short term care; <i>Csaba Dózsa</i></li> <li>■ Why are pressure ulcers associated with quality of care and patient safety?; <i>Doris Grinspun</i></li> </ul>	<i>Plenary hall / Zenit</i>
	<b>Awards session: Quality Improvement projects</b> <ul style="list-style-type: none"> <li>■ Development of the PRONect practice guidance document regarding skin care considerations for the patient in the prone position: a gap analysis study and international expert collaboration; <i>Anika Fourie</i></li> <li>■ A quality approach to pressure injury/ulcer prevention using SEM Assessments In every day clinical practice; <i>Vignesh Lyer</i></li> <li>■ Making proning easy; <i>Irene Pukiova</i></li> </ul>	<i>Breakout room 1 / Nadir</i>
	<b>Industry workshop (16:25 – 17:25)</b>	<i>Breakout room 2 / Tycho</i>
	<b>EPUAP Research Funding: Exchange Scholarships</b> <ul style="list-style-type: none"> <li>■ Knowledge and attitudes about pressure ulcer prevention in the operating theatre: a Swedish nationwide study to develop and validate measurement instruments; <i>Karin Falk-Brynhildsen</i></li> <li>■ Heel pressure ulcers: Back to basics; <i>Bethany Keenan</i></li> </ul>	<i>Breakout room 3 / Kepler</i>
19:30	Welcome reception	

## EPUAP 2022 DETAILED PROGRAMME

## Thursday | 15 September 2022

8:00	Registration, badge and bag collection - Registration area, exhibition	
9:00 - 10:15	<p><b>Key session 5: Pressure ulcers in specialist care settings and populations</b></p> <ul style="list-style-type: none"> <li>Using pressure mapping perioperatively, a quasi-experimental study in Sweden; <i>Eva Sving</i></li> <li>Double Protection Strategy (DPS): Innovation in preventing PUs in most fragile patients; <i>Paulo Alves</i></li> <li>PU prevention in acute illness of elderly - strategies in the ER; <i>Heli Lagus</i></li> </ul> <p><b>Key session 6: Preventing and treating pressure ulcers in individuals with long term health conditions</b></p> <ul style="list-style-type: none"> <li>Treating pressure ulcers in individuals with spinal cord injuries; <i>Marc LeFort</i></li> <li>Pressure ulcer prevention among individuals with spinal cord injuries; <i>Zena Moore</i></li> <li>Pressure Ulcers in the community; <i>Pauline Wilson</i></li> </ul> <p><b>Free paper session 4</b></p> <p><b>Pressure ulcer prevention and management in specialist care settings and populations</b></p> <ul style="list-style-type: none"> <li>A randomised controlled trial of the effectiveness of multi-layer silicone foam dressings for the prevention of sacral pressure injuries in patients undergoing general surgery; <i>Hyunjung Yeo, Rep. of South Korea</i></li> <li>The pressure injury evidence in spinal cord injured patients at spinal unit of department of traumatology at University Hospital Brno 2013-2021; <i>Lia Vasickova, Czech Republic</i></li> </ul> <p><b>Pressure ulcer prevention and management within the homecare setting</b></p> <ul style="list-style-type: none"> <li>The assessment of chronic wounds, including pressure ulcers: a review of psychometric properties of instruments and a study of the cognitive process of decision-making; <i>Steven Smet, Belgium</i></li> </ul> <p><b>Pressure ulcer prevention in the prone position</b></p> <ul style="list-style-type: none"> <li>Prevention of skin injuries in patients with acute respiratory distress syndrome during the COVID-19 pandemic; <i>Elizabeth Faust, United States</i></li> <li>The impact of prone positioning on the incidence of pressure injuries in adult intensive care unit patients: A meta review; <i>Declan Patton, Ireland</i></li> </ul> <p><b>Pressure ulcer prevention and management in specialist care settings and populations</b></p> <ul style="list-style-type: none"> <li>Implementation of evidence-based SKIN CARE practices in nursing home residents: Results of a mixed methods process evaluation alongside the SKINCARE trial; <i>Katrin Balzer, Germany</i></li> </ul>	<p>Plenary hall / Zenit</p> <p>Breakout room 1 / Nadir</p> <p>Breakout room 2 / Tycho</p> <p>Breakout room 3 / Kepler</p>
10:15 - 10:45	Coffee break and exhibition	
10:45 - 12:00	<p><b>Key session 7: Pressure ulcer prevention across the continuum of care – challenges faced in the community</b></p> <ul style="list-style-type: none"> <li>Pressure ulcer prevention in home care - does continuum of care occur?; <i>Kirst Ahmajävi</i></li> <li>Pressure Ulcers in the community; <i>Emer Shanley</i></li> </ul> <p><b>Industry satellite symposium (10:45 – 12:15)</b></p> <p><b>Free paper session 5</b></p> <p><b>Pressure ulcers and health economics</b></p> <ul style="list-style-type: none"> <li>Solving the Health Economic Burden of Pressure Ulcers in the United Kingdom Using SEM Assessment Technology; <i>Martin Burns, United States</i></li> <li>what is the economic impact of pressure ulcers among patients in intensive care units? a systematic review; <i>Natalie McEvoy, Ireland</i></li> </ul> <p><b>Pressure ulcers: Patient safety, quality of care and policy</b></p> <ul style="list-style-type: none"> <li>Pressure Injury Prevalence and Practice Improvements in Nursing (PIPPIN study): A realist evaluation of pressure injury prevention practices in an Australian hospital; <i>Jenny Sim, Australia</i></li> <li>Interventions for maintaining skin integrity in end-of-life care: a systematic review; <i>Charlotte Raepsaet, Belgium</i></li> <li>What the first National study of pressure ulcer prevalence and incidence in acute inpatient care told us about safety and quality of care?; <i>Tiina Kortteisto, Finland</i></li> </ul> <p><b>Patient involvement in pressure ulcer practice, research and guideline development</b></p> <ul style="list-style-type: none"> <li>Patient involvement and understanding of pressure ulcer risk within community settings: shifting the practice paradigm; <i>Lisa Ledger, United Kingdom</i></li> </ul> <p><b>EPUAP Workshop 1: The role of risk assessment in pressure ulcer prevention, Susanne Coleman</b></p> <p><b>CZ industry workshop (11:00 - 12:00)</b></p>	<p>Plenary hall / Zenit</p> <p>Breakout room 1 / Nadir</p> <p>Breakout room 2 / Tycho</p> <p>Breakout room 3 / Kepler</p> <p>Aquarius</p>
12:00 - 13:15	Lunch break, exhibition 12:15 - 13:00 Poster presentations B	

## EPUAP 2022 DETAILED PROGRAMME

13:15 - 14:30	<b>Key session 8: How to integrate person centeredness into policy making and practice?</b> <span style="float: right;"><i>Plenary hall / Zenit</i></span> <ul style="list-style-type: none"> <li>■ Person-centeredness in policy and practice, what steps can we take?; <i>Georgina Gethin</i></li> <li>■ How to integrate a person-centred approach into pressure ulcer prevention practice?; <i>Lisa Ledger</i></li> <li>■ Innovative approach to involving people with long-term neurological conditions in PU prevention research; <i>Susanne Coleman</i></li> </ul>
	<b>Industry satellite symposium (13:15 - 14:45)</b> <span style="float: right;"><i>Breakout room 1 / Nadir</i></span>
	<b>Free paper session 6: Pressure ulcers: Implementation science and education</b> <span style="float: right;"><i>Breakout room 2 / Tycho</i></span> <ul style="list-style-type: none"> <li>■ Skin hydration measurement and the prediction of the early development of pressure ulcers among at risk adults: A systematic review; <i>Hannah Wilson, Ireland</i></li> <li>■ Implementation of carebundle in a clinical setting; <i>Britt Hansen, Denmark</i></li> <li>■ A knowledge translation framework for wound and pressure ulcer care in nursing homes; <i>Christelle Boersema, South Africa</i></li> <li>■ The Use of PURPOSE-T in Clinical Practice; <i>Susanne Coleman, United Kingdom</i></li> <li>■ The Effect of Educational Program on Nurses' Knowledge About Pressure Ulcer; <i>Abdulaziz Binkanan, Saudi Arabia</i></li> </ul>
	<b>EPUAP Workshop 2: Repositioning;</b> <i>Menno van Ettienn</i> <span style="float: right;"><i>Breakout room 3 / Kepler</i></span>
	<b>EPUAP Workshop 3: GIBBON;</b> <i>Kevin Moerman (13:15-15:15)</i> <span style="float: right;"><i>Aquarius</i></span>
	<b>STINTS 1 (13:15- 14:20)</b> <span style="float: right;"><i>Leo</i></span> <ul style="list-style-type: none"> <li>■ Properties of corneocytes in the context of skin health; <i>Ana Evora, United Kingdom</i></li> <li>■ An optimised method to analyse inflammatory markers from sebum and its role in detecting skin damage; <i>Hemalatha Jayabal, United Kingdom</i></li> <li>■ A foam dressing is considerably advantageous over a hydrocolloid for prophylaxis of noninvasive ventilation mask-related-pressure ulcers; <i>Aleksei Orlov, Israel</i></li> <li>■ Can non-invasive skin parameters reflect changes at grade 1 pressure ulcer skin sites?; <i>Nkemjika Abiakam, United Kingdom</i></li> <li>■ Low-frequency ultrasound device for pressure ulcer diagnosis; <i>Elis MarinaSales de Castro, France</i></li> </ul>
14:30 - 15:15	Coffee break and exhibition, Annual General Assembly of the EPUAP
15:15 - 16:30	<b>Key session 9: How can e- Health and big data play a role in pressure ulcer prevention and management?</b> <span style="float: right;"><i>Plenary hall / Zenit</i></span> <ul style="list-style-type: none"> <li>■ How can e- Health and big data play a role in pressure ulcer prevention and management?; <i>Pierre-Yves Rohan</i></li> <li>■ Marrying big databases with machine learning algorithms for artificial intelligence-powered wound care; <i>Amit Gefen</i></li> <li>■ Towards automated computational design of soft tissue biomechanical interfaces; <i>Kevin Moerman</i></li> </ul>
	<b>Industry satellite symposium (15:15 – 16:15)</b> <span style="float: right;"><i>Breakout room 1 / Nadir</i></span>
	<b>Free paper session 7: Pressure ulcers: Patient safety, quality of care and policy</b> <span style="float: right;"><i>Breakout room 2 / Tycho</i></span> <ul style="list-style-type: none"> <li>■ I cannot "unhear her cries" or "unsee what I saw." Pressure injuries in Aged Care. A synopsis of the interim report of the Australian Royal Commission into Aged Care Quality and Safety; <i>Suzanne Kapp, Australia</i></li> <li>■ Dressings and topical agents for preventing pressure ulcers; <i>Pinar Avsar, Ireland</i></li> <li>■ Development of a reporting tool for Medical Device Related Pressure Ulcers: Cognitive pre-testing, usability, and feasibility assessment; <i>Ewa Crunden, United Kingdom</i></li> <li>■ International perspective on reporting Medical Device-Related Pressure Ulcers; <i>Ewa Crunden, United Kingdom</i></li> <li>■ What is the impact of sub epidermal moisture (SEM) measurement and targeted pressure ulcer prevention, versus visual skin assessment and usual care, on mean SEM delta scores and early pressure ulcer development; <i>Pinar Avsar, Ireland</i></li> <li>■ Enhancing pressure injury prevention bundle during COVID 19 pandemic to reduce hospital acquired pressure injury incidence and prevalence rate; <i>Wilnora Cascolan, Saudi Arabia</i></li> <li>■ what are the effects of vasopressor agents on the development of pressure ulcers in critically ill patients in intensive care units? a systematic review; <i>Natalie McEvoy, Ireland</i></li> </ul>
	<b>Industry workshop (15:15 – 16:15)</b> <span style="float: right;"><i>Breakout room 3 / Kepler</i></span>
	<b>Industry workshop (15:15 – 16:15)</b> <span style="float: right;"><i>Aquarius</i></span>
	<b>STINTS 2 (15:15- 16:30)</b> <span style="float: right;"><i>Leo</i></span> <ul style="list-style-type: none"> <li>■ Contribution of the out-of-plane component in the assessment of sacral soft tissue deformations under compressive loading - Preliminary study on one subject; <i>Ekaterina Mukhina, France</i></li> <li>■ Human heel internal tissue displacements and strains calculated from Magnetic Resonance Imaging; <i>Alessio Trebbi, France</i></li> <li>■ Molecular dynamics simulation and thermodynamical approaches to predict and model the barrier function of skin lipids; <i>Nicola Piasentin, United Kingdom</i></li> <li>■ Characterization of skin integrity by quasi-static mechanical impedance device; <i>Yisha Chen, France</i></li> </ul>
16:30 - 16:40	Short Break

## EPUAP 2022 DETAILED PROGRAMME

16:40 - 17:40	<b>Key session 10: What are effective strategies for patient, informal carers and non- professional pressure ulcer education?</b> <ul style="list-style-type: none"> <li>■ Patient safety and informal caregivers; <i>Joan-Enric Torra Bou</i></li> <li>■ What are effective strategies for patient, informal carers and non- professional pressure ulcer education?; <i>Tom O' Connor</i></li> <li>■ What are effective strategies for patient, informal carers and non- professional pressure ulcer education?; <i>Alexandre Rodrigues</i></li> </ul>	<i>Plenary hall / Zenit</i>
	<b>Free paper session 8</b>	<i>Breakout room 1 / Nadir</i>
	<b>Technologies to promote wound healing</b> <ul style="list-style-type: none"> <li>■ Mini-invasive drainages and irrigation of any infected ulcer recess avoid exudate stasis, reduce recurrence and allow better rehabilitation; <i>Marco Cavallini, Italy</i></li> <li>■ The integration of sensor technology in disposable bodyworn: a promising pathway in the prevention and reduction of skin damage; <i>Charlotte Raepsaet, Belgium</i></li> <li>■ Subdermal injection of hyaluronate plus amino acids in recalcitrant pressure injuries: preliminary results; <i>Roberto Cassino, Italy</i></li> <li>■ PhotoBioModulation in pressure injuries and IAD: a multicentric study in institutionalized elderly people; <i>Roberto Cassino, Italy</i></li> </ul>	
	<b>Telemedicine and telemonitoring in wound care</b> <ul style="list-style-type: none"> <li>■ The use of electronic documentation datasets for the prevention and treatment of decubitus ulcers as an effective tool for education in the differential diagnosis of decubitus ulcers; <i>Lenka Kolářová, Czech Republic</i></li> </ul>	
	<b>Special interventions in the seating (wheel chair bound and spinal cord injured people)</b> <ul style="list-style-type: none"> <li>■ Huntington's Disease: a contemporary update of seating, postural support and pressure ulcer prevention; <i>Rebecca Fleming, United Kingdom</i></li> </ul>	
	<b>Student free paper session 1: Basic science</b> <ul style="list-style-type: none"> <li>■ Intelligent sensing to detect posture and mobility in vulnerable individuals: an indicator of pressure ulcer risk; <i>Silvia Caggiari, United Kingdom</i></li> <li>■ Development of a finite element model for the heterogeneous structure of the calcaneal fat pad to study its loading distribution. Insights for stress-related injuries; <i>Alessio Trebbi, France</i></li> <li>■ The Problem of Differential Diagnosis of Pressure Ulcers and Incontinence Associated Dermatitis in Clinical Practice - the Questionnaire Survey; <i>Simona Saibertová, Czech Republic</i></li> <li>■ Biomechanical and physiological response of the skin following application of respiratory protective equipment devices; <i>Silvia Caggiari, United Kingdom</i></li> <li>■ Nano-enabled hyaluronic acid hydrogels target multiple factors governing wound chronicity; <i>Guillem Ferreres Cabanes, Spain</i></li> </ul>	<i>Breakout room 2 / Tycho</i>
	<b>EPUAP Workshop 4: Debridement; <i>Lucie Charbonneau and Steven Smet (16:40- 17:40)</i></b>	<i>Breakout room 3 / Kepler</i>
20:00	Conference dinner	

## EPUAP 2022 DETAILED PROGRAMME

## Friday | 16 September 2022

8:00	Registration, badge and bag collection - Registration area, exhibition	
09:00 - 10:15	<b>Key session 11: Patients voice</b> <ul style="list-style-type: none"> <li>The role of the pressure relief cushion in the life of a person with spinal cord injury – patient experience; <i>Věra Kunhartová and Zdeňka Faltyňková</i></li> <li>Pressure ulcers in people with spinal cord injury – exploring the patient perspective; <i>Knaerke Soegaard</i></li> <li>Patients and caregivers connect with health professionals in the fight against pressure ulcers; <i>Michaela Tůmová</i></li> </ul>	Plenary hall / Zenit
	<b>Free paper session 9: Pressure ulcer prevention and management in specialist care settings and populations</b> <ul style="list-style-type: none"> <li>Data from Clinical Practice Demonstrates Pressure Ulcer (PU) Prevention in Long Term Care through the Introduction of Technology into the Care Pathway; <i>Vignesh Iyer, USA</i></li> <li>Two case reports on pressure injury prevention in patients with COVID-19 associated acute respiratory distress syndrome; <i>Armin Hauss, Germany</i></li> <li>The Effectiveness of SEM Assessment in Early Identification of Pressure Damage in a Spanish Long Term Care Facility; <i>Kate Hancock, United Kingdom</i></li> <li>Implementing the high standards for pressure ulcers care: the physician's experience; <i>Karolína Nováková, Czech Republic</i></li> <li>Pressure ulcer risk assessment scales designed for adult intensive care patients - risk factors and predictive validity of the scales: A systematic review; <i>Maarit Ahtiala, Finland</i></li> </ul>	Breakout room 1 / Nadir
	<b>Interdisciplinary collaboration</b> <ul style="list-style-type: none"> <li>Elevated sub-epidermal moisture predicts both pressure ulceration and diabetic foot ulceration; <i>Pauline Wilson, Ireland</i></li> </ul>	
	<b>EPUAP Workshop 5: Skin care considerations for the patient in the prone position;</b> <i>Dimitri Beeckman and Anika Fourie</i>	Breakout room 2 / Tycho
	<b>EPUAP Workshop 6: Wound assessment;</b> <i>Helen Strapp</i>	Breakout room 3 / Kepler
10:15 - 11:00	Coffee break and exhibition	
11:00 - 12:00	<b>Key session 12: Hyperbaric oxygen therapy</b> <ul style="list-style-type: none"> <li>Importance of hyperbaric oxygen therapy in hard-to heal and diabetic foot ulcers; <i>Michal Hájek</i></li> <li>Effectiveness of HBOT in hard-to-heal ulcers: an umbrella review; <i>Miloslav Klugar</i></li> <li>Effectiveness of comprehensive pain management in hard-to heal ulcers: a systematic review; <i>Jitka Klugarová</i></li> </ul>	Plenary hall / Zenit
	<b>Student free paper session 2: Clinical science</b> <ul style="list-style-type: none"> <li>Prevalence and associations of common adverse skin conditions in aged nursing home residents - a representative prevalence study; <i>Bettina Völzer, Germany</i></li> <li>Feasibility of PURPOSET - a mixed method study in Sweden; <i>Lisa Hultin, Sweden</i></li> <li>Old dog, new tricks? Using modern advances in chronic wound management to improve outcomes and patient care; a case report; <i>Điđi Delalić, Croatia</i></li> </ul>	Breakout room 1 / Nadir
	<b>EPUAP Workshop 7: Pain in pressure ulcers;</b> <i>Jane Nixon</i>	Breakout room 2 / Tycho
	<b>EPUAP Workshop 8: Pressure ulcer prevention in younger population;</b> <i>Guido Ciprandi, Ann Marie Nie</i>	Breakout room 3 / Kepler
12:00 - 12:30	<b>Presentation of EPUAP 2023</b> <b>Closing of the conference;</b> <i>Jan Kottner, Andrea Pokorna, Susanne Coleman</i>	Plenary hall / Zenit
