#EUHPP LIVE WEBINAR

Results of the EU4Health action on digital skills of health workers

3 MARCH 2026, 14.30 - 16.30 CET, BRUSSELS TIME

Dear colleague,

We invite you to join this #EUHPP Live Webinar dedicated to the seven EU4Health training projects focused on strengthening the **digital skills of health workers.** These projects are funded under the **EU4Health Programme**, **EU4H-2022-PJ-06: Call for proposals to provide training for the health workforce, including digital skills**: AMR EduCare; e-Hospital4Future; GESEA4EU; DigiCanTrain; H-PASS ;DDS MAP ; TRANSiTION

The digital transformation of healthcare is reshaping how professionals deliver care, manage data, and interact with patients. Digital technologies are becoming indispensable tools in modern healthcare. They enable health professionals to **deliver more efficient, accurate, and patient-centred care**, from using electronic health records, streamlining administrative processes, telemedicine platforms to applying data analytics and AI-driven diagnostics. Strengthening digital skills helps health workers **adapt to evolving care models**, improve communication and coordination, and ultimately enhance health outcomes. Investing in digital competence is therefore a key factor in **building resilient and future-ready health systems**.

During this webinar, we will:

- Share **key outcomes, impact and lessons learned** from the training initiatives.
- Discuss **best practices and challenges** in building digital capacity in the health sector.
- Explore how **results** can feed into other **on-going EU initiatives on health workforce**.

The Webinar is co-organized by the Health and Digital Executive Agency (HaDEA) and the Directorate-General for Health and Food Safety (DG SANTE). Your participation and insights will be highly valuable to this discussion as we continue to foster a more digitally capable and resilient health workforce in Europe.

Register to this webinar following this link.

Once registered, you will receive the calendar invitation from Webex. Please pin it in your calendar and go back to it on the webinar day. This webinar will be held in English.

If you have any further questions, please contact sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.
