

#EUHPP LIVE WEBINAR

Consolidating Europe's One Health network: integration of underrepresented sectors

28 APRIL 2026, 10.00–11.30 CEST, BRUSSELS TIME

Dear colleague,

We invite you to join this #EUHPP Live Webinar co-organised with

This is the first webinar of the Thematic Network PEITHO (Platform for European Interdisciplinary, Transdisciplinary, Holistic One Health). Its purpose is to gather input for a joint statement, a collaborative document intended to serve as a roadmap to One Health operationalisation and institutionalisation.

This webinar will focus on the inclusion of sectors that are traditionally underrepresented in One Health initiatives, with particular attention to the environmental sector. Experiences, lessons learned, and practical recommendations for stakeholders will be shared to support the meaningful and effective integration of the environmental perspective into One Health initiatives.

Additionally, the session will address issues of equity and inclusion within One Health activities, based on insights from the Women for One Health network. The presentation will highlight challenges encountered in establishing and managing initiatives, particularly within the European context. The discussion will explore barriers to participation and leadership, and will present solutions that have successfully addressed or prevented these challenges, that could serve as guidance for future efforts.

Register for this webinar following [this link](#).

Once registered, you will receive the calendar invitation from Webex. Please pin it in your calendar and go back to it on the webinar day. [This webinar will be held in English.](#)

Note that the content of this webinar has been produced by the panelists and does not necessarily reflect the position of the European Commission.

If you have any further questions, please contact sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.
