

#EUHPP LIVE WEBINAR

One Health research collaboration: a glimpse at European R&I and One Health outcomes applied to real world scenarios

28 MAY 2026, 11.00 – 12.30 CEST, BRUSSELS TIME

Dear colleague,

We invite you to join this #EUHPP Live Webinar co-organised with

This webinar will focus on One Health Research & Innovation, beginning with insights from the EU Partnerships BE READY, which is dedicated to pandemic preparedness. BE READY will reflect on Partnership's goals, the integration of One Health in its activities, barriers to cross-sectoral and cross-border collaboration and how to overcome or prevent these barriers, and plans to operationalise the developed solutions.

The second part of the webinar will highlight how One Health approaches and research solutions can be applied to real world scenarios, based on the lessons learned from a recent Simulation Exercise on Avian influenza conducted by Sciensano in Belgium. In this presentation experiences will be shared in organizing such a cross-sectoral One Health exercise, with a focus on the barriers that were identified and the solutions that were implemented.

Register to this webinar following [this link](#).

Once registered, you will receive the calendar invitation from Webex. Please pin it in your calendar and go back to it on the webinar day. [This webinar will be held in English.](#)

Note that the content of this webinar has been produced by the panelists and does not necessary reflect the position of the European Commission.

If you have any further questions, please contact sante-hpp@ec.europa.eu
