

#EUHPP LIVE WEBINAR

Improving access to healthcare for refugees and people displaced from Ukraine benefiting of temporary protection in Member States

9 JULY 2026, 11.00 – 12.30 CEST, BRUSSELS TIME

Dear colleague,

We invite you to join this #EUHPP Live Webinar co-organised with

A dissemination webinar to explore how an EU4Health-funded project, implemented by IOM with WHO, national authorities and civil society partners across ten countries, has helped strengthen health systems and improve equitable access to care for refugees and people displaced from Ukraine benefiting from temporary protection in EU Member States. The session will present key achievements, including stronger coordination mechanisms, national action plans, support delivered by 27 health mediators to more than 23,000 beneficiaries, and information campaigns reaching over 270,000 people.

The webinar will also highlight how mobile health support, preventive health promotion and five national health system resilience tests conducted with the European Observatory on Health Systems and Policies helped address health inequalities, strengthen preparedness and generate policy-relevant evidence. By sharing lessons learned, practical results and scalable approaches, this event will offer valuable insights for policymakers, practitioners, civil society and all those interested in inclusive, resilient health systems in Europe.

Register to this webinar following [this link](#).

Once registered, you will receive the calendar invitation from Webex. Please pin it in your calendar and go back to it on the webinar day. [This webinar will be held in English.](#)
