for Social Psychiatry**

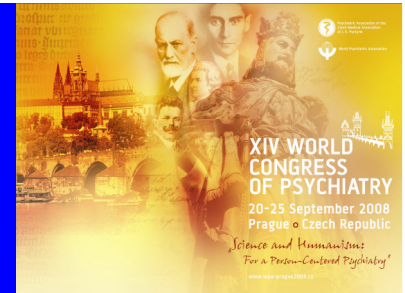

XIV WORLD CONGRESS OF PSYCHIATRY

20-25 September 2008
Prague • Czech Republic

*"Science and Humanism:
For a Person-Centered Psychiatry"*

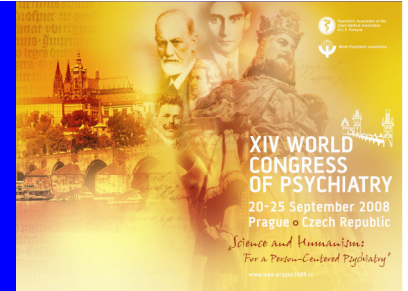

www.wpa-prague2008.cz

CZECH PSYCHIATRY – LESSONS LEARNED

1. Organizational capabilities and high **professional and scientific level**
2. Traditional and „paternalistic“ approach, institutionally based care
3. Relatively good quality of **mental health care**
4. Insufficient communication with **consumers** and general public
5. Low ability to influence **politicians and payers**
6. Stigmatization, **economic conditions**

CZECH PSYCHIATRY – LESSONS LEARNED

- 1. Organizational capabilities and high professional and scientific level**
- 2. Traditional and „paternalistic“ approach, institutionally based care**
- 3. Relatively good quality of mental health care**
- 4. Insufficient communication with consumers and general public**
- 5. Low ability to influence politicians and payers**
- 6. Stigmatization, economic conditions**

For the first time in Central and Eastern Europe

More than 6 000 participants from 125 countries

Almost 3 000 scientific contributions

XIV WORLD CONGRESS OF PSYCHIATRY

20-25 September 2008
Prague • Czech Republic

*"Science and Humanism:
For a Person-Centered Psychiatry"*
